- **Frameworks:** React.js, Tailwind CSS, ASS/SCSS, Vite, Spring Boot, Spring MVC, Spring Security, Hibernate, JDBC
- **Tools:** Git, GitHub, VS Code, Eclipse, IntelliJ IDEA, Webpack, Vite, npm/yarn, Maven, MySQL Workbench
- **Databases:** MySQL, Oracle
- **Other:** GSAP, AOS, CSS Animations, RESTful APIs

Education

Bharati Vidyapeeth Deemed University

Bachelor of Science in Computer Science

Pune, Maharashtra

CGPA: 7.75

September 2023 – May 2026

Projects

DoctorDom UI - Doctor Appointment Booking UI | *React.js, Tailwind CSS, React Context, Vite, React Router*

- * Built a Doctor Appointment Booking UI using React.js, Tailwind CSS, and Bootstrap for a responsive design.
- * Ensured a seamless user experience with a mobile-first approach.
- * Optimized performance using lazy loading, code splitting, and React Context API for state management.

Full Stack Developer Portfolio | *React.js, Node.js, Tailwind CSS*

In Progress

- * Modern Design & Responsiveness: Built with HTML5, CSS3, and Tailwind CSS for a mobile-first, responsive design that adapts to all screen sizes, focusing on UI/UX for a clean, modern layout.
- * Interactive Features with React & GSAP: Utilized React.js for dynamic rendering and GSAP for smooth animations, creating an engaging, interactive user experience.
- * Optimized Performance with Vite & NPM: Leveraged Vite for fast builds, npm for efficient package management, and applied techniques like code splitting, lazy loading, and image optimization for faster load times and scalability.
- * Version Control & Development Tools: Used Git for version control with GitHub repositories for collaboration, alongside tools like Webpack, Babel, and ESLint for build management, code optimization, and maintaining code quality.

A-RIA Freightways - Logistics Transportation | *HTML, CSS, JavaScript*

May 2023

- * Designed and implemented a responsive UI with dynamic navigation (Home, Services, Contact) using HTML, CSS, and JavaScript. Created visually appealing service sections for Full Truck Load, Part Load, and Containers with modern CSS and Tailwind CSS.
- * Integrated advanced JavaScript features and animations to enhance user experience, improving accessibility scores by 15% and elevating overall customer satisfaction.

Certifications / Achievements

Certified Full Stack Java Developer with AI (Currently Pursuing) : Achieved certification in Full Stack Java Development, specializing in Java, Spring Boot, React.js, Node.js, AI integration, and tools like MongoDB, Express.js, Git, and Tailwind CSS to create advanced, scalable web applications.

CSMS-DEEP Diploma (SARTHI): Completed the CSMS-DEEP Diploma, gaining valuable skills and knowledge in digital education and professional development.

Hobbies

Swimming: Enjoy swimming as a relaxing and health-focused activity.

Watching Documentaries: Passionate about watching documentaries to learn more about history, culture, science, and various social topics.
